COMPANY HEALTH & SAFETY POLICY

The following policy states our intention to take all reasonable measures to conduct our business activities to ensure the Health, Safety and Welfare of all our employees and all other persons who may be affected by our business activities. This commitment includes the Sub Contractors we employ, Clients, third parties that we work with, visitors to our projects and members of the public.

We take all reasonable steps to minimise accidents and incidents of ill health to our employees, contractors, clients, supply chain, third parties, visitors and members of the public.

We provide, so far as is reasonable practicable adequate control of the Health & Safety risks arising from our work and associated activities.

We are committed to ensure full compliance with our legal obligations and all current Health & Safety Legislation in respect to our business activities.

We will endeavour to follow and lead industry best practices and comply with our Customers Health & Safety Requirements.

Information, instruction and training is provided to all our employees and is appropriate to their roles and responsibilities within the organisation.

We encourage and actively promote Health & Safety innovation, Best Practice and initiatives through our staff, sub-contractors and systems.

Suitable and sufficient resources are given to Health & Safety and Welfare across all levels of the business.

We consult and communicate to our employees over Health & Safety issues and listen when feedback is given.

We create and promote a positive Health & Safety culture and ensure this is given our highest priority across all levels of the business

Our Health and Safety Performance is constantly monitored and reviewed with the aim to continually improve.

We shall review this policy to ensure that is appropriate to the nature and scale of our occupational Health & Safety risks and remains relevant and appropriate to the purpose of the business.
